### Storm Damages Wheat, Rain Raises Creeks

#### Canyon Rainfall Tops Nine Inches

Heavy rain accompanied by hail in some areas fell in Randall County Friday night, damaging wheat in spots and destroying it in others. The rain was preceded by another Thursday and followed by more Saturday and Monday.

The Friday night rain brought 2.05 inches of rain in Canyon, while some parts of the county caught as much as six and seven inches. The heavy downpour blocked Highway 60 east of Umbarger for a time and brought Palo Duro and Tierra Blanca creeks out of their channels.

The two creeks combined to sweep through Palo Duro Canyon, blocking the water crossings from late Friday until Sunday. Only a few persons were caught in the state park, and no extreme trouble was reported.

Neither creek threatened the new highway construction north and south of Canyon, although the water swirled high on the concrete piling of the new bridges. Early Saturday morning the north half of the roadside park south of Canyon was swamped with water.

Since the rain started Thursday night, Canyon has had a total of 2.82 inches. The moisture came in these amounts: .62 of an inch Thursday night, 2.05 inches Friday night, .09 of an inch and .10 of an inch Monday.

The total rainfall for May was 4.22 inches and the year's total is 9.72 inches, more than fell last year.

Much of the heavy rain Friday night ran off rather than soaking in as earlier rains have done.

The hail cut a heavy swath in the Umbarger area, downing wheat in its path. County Agent

Water from Tierra Blanca Creek and the heavy rain Friday night filled the north half of the roadside park south of Canyon and made it look like a small lake.

John Brazill said the crop planted by Ed Bourn was a total loss.

Bourn measured 12 to 14 inches of hail stacked on the ground soon after it fell. His rain total was around six inches.

Rainfall totals for the year from over the county range to more than 12 inches in many spots, raising hopes for row crops and for wheat which sprouted.

Irrigated wheat in the county

shows the possibility of high yields, while that dryland wheat which came up and lasted until the rains started should make good yields.

The moisture was soaked into the ground between 20 and 36 inches, Joe Batson of the Soil Conservation Service estimated. He said he had been unable to get out and measure the penetration since Thursday's rain, but measurements before that showed 20 inches.

In places where the soil is sandy, the moisture may have penetrated as much as 36 inches by now, he estimated. Before the last rains, pasture penetration was down to around 15 inches.

Batson has had some reports of heavy erosion from Friday night's rain, mostly in the Umbarger area where the six and seven inch rains came in a short time.

### Polls Open in City Hall at 8 a. m.; Big Vote Affects Interest Rate

Polls will open at 8 a. m. Saturday for the \$650,000 city bond issue to provide for the purchase and development of a new water field west of Canyon. The polls will be located in the city hall, and they will close at 7 p. m. Absentee voting ended yesterday afternoon with two votes cast by 4 p. m.

#### Mrs. Cummings Dies Thursday

Funeral services were held Saturday afternoon in Floydada for Mrs. Susie Cummings, 81, who died Thursday in Canyon. A Floyd County pioneer, Mrs. Cummings had been in Canyon since December.

Services were held at the Harmon Funeral Home with Elder Ohmer Kirk officiating. Burial was in the Floydada Cemetery.

A native of Georgia, Mrs. Cummings lived in East Texas until going to Floyd County in 1905 with her husband, A. S. Cummings.

In addition to her husband, survivors include four sons, E. T. Cummings, Canyon, Clyde Cummings, Lubbock, Ennis Cummings, Friona, and A. D. Cummings, Olney; three daughters, Mrs. Jack Smitherman, Hart, Mrs. Joe Hale, Midland, and Mrs. J. D. Cates, Lubbock; 21 grandchildren and 27 great-grandchildren.

Those who may vote in the election are residents of Canyon who have rendered property, either real or personal, for taxation and who have a valid poll tax receipt or exemption.

The money from the bond issue will be used to buy water rights to four sections of land located about 12 miles west and three north of the city, to drill three six-inch wells, move and install the steel water tank given the city by the Santa Fe, install an eight-inch gathering pipeline and a 16-inch transmission line from the waterfield to the city.

In calling the bond issue, the city commission has announced that a tax rate increase will become effective this year, with the raise anticipated to be from \$1.25 to \$1.50 per hundred dollar valuation.

Originally, the city commission thought it would be possible to repay the bonds without an increase, but on further study, it was found that an inequity had grown between revenues from taxes and water and the inequity must be straightened out.

During the past several years, the water and sewer revenues have grown until the departments showed an excess of \$53,517.03 last year. The money was transferred to the general fund of the city to provide for operations usually financed by taxes.

The need for a new waterfield was shown last summer when wells in the present field just north of town began failing. At the summer's end, all the seven wells the city has could produce only 2.6 million gallons a day—less than the peak demand. In addition, the city is required to maintain production and storage of 2,356 gallons a minute for nine continuous hours for fireflow. The fireflow reserve must be above the peak day's demand.

In a study of the city waterworks, B. R. McMorris, the city's consulting engineer, found that the city should be able to produce 3.1 million gallons a day in 1957, 3.2 in 1958, 3.5 in 1960, and on until the city would need 5 million gallons a day in 1975. He used as population figures a projection of the rate of growth for Canyon since 1940, and did not allow for any sudden increase in population for any reason.

The city commission began a search for a new waterfield, looking first in the area north of Canyon. They abandoned the idea of obtaining water in that area because of high costs of water rights, the commission said.

The commission settled on four sections belonging to Mack Forrester of Amarillo after obtaining an option and drilling 18 test holes and casing two of them for a study of static water level.

The tests showed that three of the four sections have ample water for a municipal supply and the fourth is less desirable. The commission was unable to negotiate a contract for purchase of water rights for only three of the sections, but Forrester lowered the price on the least desirable section from \$50 an acre to \$10 an acre. McMorris estimated that one-third of that section is adequate.

McMorris estimated that there is enough water in the Forrester field to supply a city of 20,000 people. He proposed that Canyon should drill three wells at the present time, to supply needs for the next few years. In order that enough water could be brought to town in the future, he proposed a 16-inch transmission pipeline.

The 16-inch line will flow about three million gallons a day by gravity and about nine million gallons a day under pressure, McMorris said.

The city commission signed a fiscal agent contract with R. A. Underwood and Company of Dallas to handle the issuance of the bonds if the election passes.

The bond company will be paid (Con't. on Back Page, Section 1)

#### Mrs. H. R. Fulton Is Concert Prexy

An 18-member committee selected last Thursday Canyon Community Concert Association officers. Mrs. H. R. Fulton Jr. will head the organization for the coming season.

First vice president is Marion Higdon; secretary is Mrs. Joe Findley, and treasurer is Joe Bailey.

Appointed campaign manager and second vice president is Milton Morris. Third vice president and publicity chairman is Bill Cherry. Other chairmen are the social chairman, Mrs. John A. Williams, appointments chairman, Mrs. Ples Harper, and concert chairman, M. J. Newman.

The committee decided to have the membership campaign week Oct. 7-12. The price of membership will remain the same—\$3 for students and \$6 for non-students. The committee also voted to continue the pre-concert dinners.

#### Cemetery Cleanup Reset for Friday

The scheduled general cleanup of Dreamland Cemetery was rained out two weeks ago and has been reset for this Friday.

All citizens of Canyon, especially those who have interests in the cemetery, are asked to bring tools to the cemetery to help in the cleanup. The cleanup day has been called by the Randall County Cemetery Association.

The county commissioners court plans to send equipment to the cemetery to help in killing weeds and carrying off trash.

### State Delegates Chosen Tuesday

Randall County delegates to the state Home Demonstration Council meeting in Houston July 31 and Aug. 1 and 2 were chosen Tuesday by the Home Demonstration council which met in the Farm Bureau building.

Delegates are Mrs. C. V. Conatser, Mrs. Ray Metcalf, Mrs. Earl Boydston and Mrs. Hal Zumwalt, alternate.

A parliamentary drill was conducted by Mrs. Earl Davis, parliamentarian.

At two previous meetings, the council has heard a discussion by Bob Rosenberry, Potter County Civil Defense director, on civil defense, and a discussion of social security by James Blantz.

#### Game, Fish Meeting Set Monday Here

Wildlife biologists and game wardens of the Game and Fish Commission will hold a public hearing in Canyon at 8:15 p. m. Monday in the county courthouse, according to H. D. Dodgen, executive secretary of the Game and Fish Commission.

The purpose of the hearing is to discuss the results of wildlife investigations in the Panhandle, present status of game species, the hunting outlook for the coming season and the proposed hunting and fishing regulations.

A motion picture, "Conservation at the Crossroads," will be shown. All sportsmen and interested citizens are invited to attend the public hearing.

### 3 May Permits Total \$33,500

Three building permits issued by the city during May brings the year's total building to \$368,700.

The three permits, all for dwellings, made the total building estimate for the month \$33,500. The permits were:

Bob Bellah, 509 Holman Lane, residence, \$19,000, May 14.

Bennie Baca, 600 Second Avenue, residence, \$1500, May 18.

M. S. Downing, 2516 Eighth Avenue (rear), apartment house, \$13,000, May 22.

### County Auction Sale Set Saturday Afternoon in District Courtroom

Three houses and a few miscellaneous items of surplus office furniture will be sold at auction Saturday afternoon in the district courtroom of the courthouse.

The sale will begin at 1 p. m., and will be conducted by Nelson Auction Service of Amarillo.

Up for sale will be a three bedroom frame residence and two room frame office building at 3308 Tyler in Amarillo, formerly used as the county branch tax office.

The Sid Carter property on Highway 87, and the Bechtold rock house.

The sale of the former tax buildings includes the real estate the buildings are situated on. The legal description is Lot 6,

Block 90, Oliver-Eagle addition. Immediate possession will be given.

The Sid Carter property is located east of Highway 87 and south of Western Avenue and includes a two-story frame residence, two garages, storage rooms, water system and fencing. Possession will be given July 1.

The Bechtold Rock House is located east of Highway 87 and south of Western.

All three of the properties for sale will be open for inspection Thursday, Friday and Saturday.

The office furniture will be on display in the hall of the courthouse immediately before the sale.

### Give Revised Schedule of Games Because Grounds Too Wet at Start

Because the heavy rains of the past week caused the cancellation of the first games scheduled for the Randall County Little League, a new schedule has been drawn up. One of the regular playing days, Friday, has been changed to Saturday, also.

The major and minor leagues are made up of four teams each. There is one team for each league playing under the same name, and teams named in the schedule will play on the same days.

The minor league games will start at 5:30 p. m. and major league games begin at 7:30 p. m. Warmup for the major games will start at 7 p. m. Six innings constitute a full game in either league and a curfew prohibits a minor league inning from starting after 7 p. m. or a major league inning at 9:30 p. m.

The first games in the new schedule will be the Redlegs vs the Yankees Thursday, Braves vs Dodgers Saturday, Dodgers vs Redlegs Monday and Yankees vs Braves Tuesday.

Mrs. Stuart Condon and children of Waco are visiting her parents, the LeFons, and also Mrs. S. H. Condon.

Mr. and Mrs. Bernard Warren and sons left Sunday for Rockport for a few days to do some deep sea fishing.

Mrs. Ruth Hill and Mr. and Mrs. Chester Dowell are visiting Lowell Hill in New York.

Those who plan to take swimming lessons must purchase season tickets.

Organization of swimming classes will begin June 17. Mahan has asked that beginners report to the pool at 9:30 a. m. on the 17th and intermediate and advanced swimmers report at 9:30 a. m. June 18.

A minimum age of five has been set by Mahan for beginning swimming lessons.

Mahan is also attempting to organize a swimming club of adults and young married couples to use the pool on Monday nights. He said that many adults do not like to go swimming when lots of children are in the pool and many are unable to go swimming during the daytime because of work.

### Swimming Pool Opens Monday

Canyon's swimming pool in Conner Park will open for the season Monday with Jodie Mahan as manager and Ronnie Mills as lifeguard.

Season tickets are still on sale at the city hall, where prospective swimmers can also sign up for lessons. Prices for the season tickets are \$8 for children 12 and under and \$10 for teenagers and adults.

An extra \$2 is charged for those who plan to take swimming lessons. Admission prices for those who do not have season tickets are 20 cents for children 12 and under, 30 cents for teenagers and 40 cents for adults.

Those who plan to take swimming lessons must purchase season tickets.

Organization of swimming classes will begin June 17. Mahan has asked that beginners report to the pool at 9:30 a. m. on the 17th and intermediate and advanced swimmers report at 9:30 a. m. June 18.

A minimum age of five has been set by Mahan for beginning swimming lessons.

Mahan is also attempting to organize a swimming club of adults and young married couples to use the pool on Monday nights. He said that many adults do not like to go swimming when lots of children are in the pool and many are unable to go swimming during the daytime because of work.

If the club is organized, he plans to provide games tables alongside the pool for use while the swimmers are resting. Anyone interested in the club may write him at Box 681, W. T. Station, or see him at the pool.

The schedule for use of the pool this season includes lessons during the mornings, and open swimming from 1:30 p. m. to sometime between 6 and 7 p. m. The closing hour will be varied to take care of those who are swimming at the time.

The night schedule includes Monday night for the swimming club if it materializes, Tuesday night for the use of people from surrounding communities and Thursday night for open swimming for those who like to swim at night.

The pool will close at 9:30 p. m. on nights when it is open.

Private parties may rent the pool on nights other than Monday, Tuesday and Thursday. Those who wish to rent the pool for private parties should contact Mahan.

This will be the third season for operation of the pool. The first season began in the middle of the summer when the pool was completed. Last year's season was the first full one.

### Pick Little League Major Teams

Members of the four major league teams in the Randall County Little League were announced this week by the team managers following more than a week of team workouts.

Each major league team consists of 15 players, and the remaining players earlier selected for the entire teams will be the minor league players. The rosters, named Braves, Dodgers, Redlegs and Yankees, consist of two teams each, a major and a minor.

The major league teams include not more than six players who are 12 and not less than four who are

10 and younger.

On the playing schedule, both major and minor teams listed for the day's games, will play, the minors beginning at 5:30 p. m. and the majors at 7:30 p. m.

The minor league teams operate as farm clubs for the majors, and all replacements for the major teams come from the minors of the same name.

The Braves' major league roster includes Bobby Dorris, Mickey Fitts, Ralph Irlbeck, Gaylord Stroup, Mike Callihan and Archie Freeman, all 12; Bobby Chumley, Dennis Kelly, Steve Langston, Ed-

die Pool and Norman Smyrl, all 11; and Robert Devin, Daryl Woolsey, Don Gough and Jackie Clements, all 10 and younger.

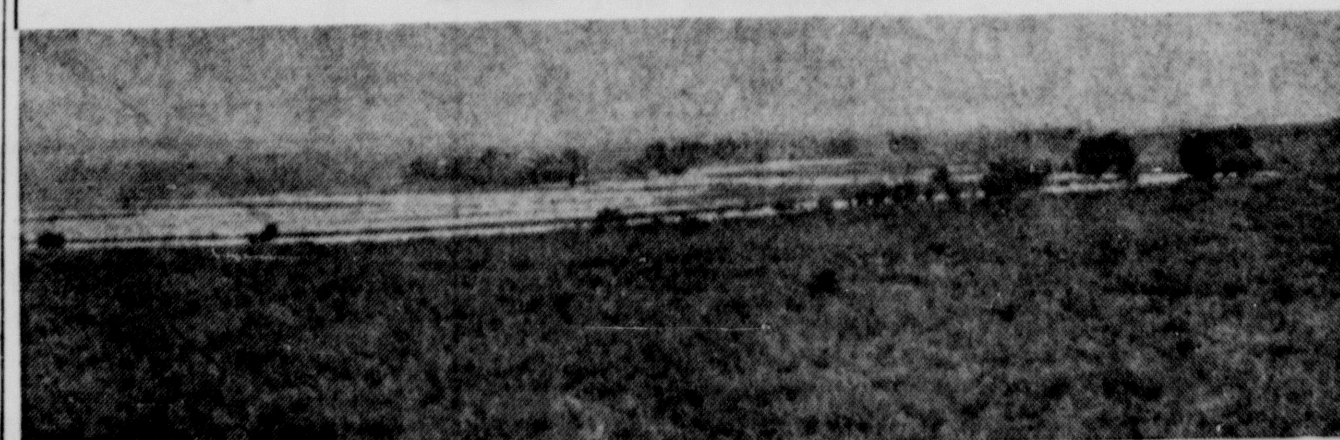

The Dodgers' major league roster includes Bill Ashley, Larry Holman, Ralph Kuehn, Johnnie Sims, Gary Lee and John Byrd, all 12; Marion Hicks, Dalton Adams, John Brandon and Ronnie Bacon, all 11; and Jim Callarman, William Albracht, James Jennings, George Cox and George Byrd, all 10 and younger.

The Redlegs' major league roster includes Bobby Begert, David Price, David Yarbrough, John Gressett and Elio Meyer, all 12; Bobby

Evans, Tommy Sanford, Steve Burgess, Don Hawkins, Stan Prichard and Gary Fletcher, all 11; and Alex de Schweinitz, Alex Martinez, Joel Richardson and Al Sternenberg, 10 and younger.

Members of the Yankee major league roster include Ronnie Brock, Wallace Busted, Harry Lisle, Bill Phillips and Preston Prichard, all 12; Bill Jarnagin, George McBride, Dudley Moore, Mike Raef, Reggie Reeves and Johnny Sikes, all 11; and Tommy Higgins, Bill Long, Jody Sheets and Bruce Winn, all 10 and younger.

#### Creek Fills Bottomland

Early Saturday morning, Tierra Blanca Creek had overflowed its banks and spread out over a wide area of the bottomlands south of Canyon. The water stayed out of the channel until late Sunday.

## EDITORIAL

## Views and Comments

I wish it were possible to have plenty of water every year, just like we're having right now. If we could have lots of rain, inch after inch spread out over the months, we would have little or no problem over a city water supply.

But we can't expect heavy rains, all we can do is hope. We have to look to ourselves for an adequate city supply. This coming Saturday is the day when we look to ourselves the hardest.

Canyon's recent past has shown that the city supply is not adequate to take care of the needs during the hot summer days. From all appearances, the city's water field just to the northwest of Canyon cannot supply any more water even if more wells were drilled.

The city commission has conducted an extensive search for a new supply, and the plan presented is, in their opinion, the least expensive plan for obtaining an adequate supply.

And that's what the proposed \$650,000 bond issue boils down to. We must have the water, no matter what it costs. And this plan, representing the least expensive method, is what it will cost to get water.

To my way of thinking, there is no alternative to voting YES on the \$650,000 bond issue.

Every citizen of Canyon should vote on the proposal Saturday. The bigger the turnout, the better the interest rate on the bonds will be.

Those who can vote are resident property owners who have rendered their property for taxation—and the property may be either real or personal—and who have a valid poll tax receipt or exemption. The polls will be open from 8 a. m. to 7 p. m. in the city hall.

Plenty of ballots will be available, enough for everyone who is eligible. Don't fail to use your ballot.

There is at least one state worker who really produces. Bernice, a little hen quail at the Tyler quail farm of the Game and Fish Commission, set a world's record in egg production last year with a total of 311 eggs.

She laid one egg for every day of the year, taking off on Sundays, Labor Day and Christmas.

She started up again in March, laying 28 that month and 28 more in April. She also has a perfect record for May. It looks like Bernice puts in more time at her job than the governor, even. And her salary's pretty low, too, I bet.

The City of Canyon and the construction going on here is the subject of an article in the most recent issue of *The Shamrock* magazine, published by the Shamrock Oil and Gas Corporation.

Included with the article are pictures of highway construction, recently finished buildings and houses and even the greens at the Canyon City Club.

Several copies of *The Shamrock* are available at the Chamber of Commerce for those who would like to see the article and who have no copy of their own.

When you see and hear commentaries on the federal budget and the action in Congress, you often see a statement that the President is winning the fight or that Congress has won a battle. But I have yet to see anywhere that the people of the nation are winning, no matter what action has been taken.

Congressmen from Texas have asked your help on the budget—they've asked that people write to tell them what action should be taken. That's the one way you can get a hand in to try to win out in the budget fight.

You and I may not know enough about the situation to decide whether the foreign aid portion of the budget should be cut, or the defense department portion, but we all have had some experience in dealing with the federal government.

If you have any good ideas on how the government can cut its expenditures, it is your duty and privilege to let your Congressmen know. Every farmer knows how the farm program is working, and most have ideas about how it can be bettered maybe even at less cost.

Most businessmen should have some ideas about the various programs and bureaus they rub against.

We can really help our Congressmen if we write telling of our actual experiences. A blanket letter to a Congressman asking him to "Cut the budget" is a nice expression of opinion, but it's not much help to him when it comes to paring down this program or that.

Get your hand in on the federal budget. Write Walter Rogers at the House Office Building, or Lyndon Johnson or Ralph Yarborough at the Senate Office Building. You can't lose, and you might even come out on top.

The other day I read of a strange situation at Harvard University. Held under lock in the university library are thousands of items classified "secret" by the government, 7000 square feet of space being used for the items.

The strange part of the situation is that none of the people who work in the library has the necessary "security clearance" to go in and look at the things being held. No one at the library can sort the stuff.

How'd you like to have a closet in your house filled with something or the other, have it locked, and be prohibited from looking in it?

Monday morning I got a letter from, well, I got a letter. It wasn't signed, so I don't know who wrote it. Apparently someone else got a copy because one of the two sheets of the letter I got was a carbon copy.

The letter presented an alternate plan for securing water for the city, and the letter suggested that the water bond issue should be turned down Saturday and another proposal be voted on later in the summer.

The letter proposed that the city go straight north from the present waterfield for water. It proposed that five well sites could be purchased for about half as much money as it will take to develop the waterfield on the Forrester property.

I wish the letter had been signed by someone—I'd like to run it. But I can see no reason for breaking a hard and fast rule I held to a year ago during Elvis Presley days.

The letter shows good reasoning and probably some study on the part of the writer/writers. It presents a different angle, but it is also an angle the city commission studied in their search for a new water field.

One angle I notice immediately—the letter says that space for five wells could be purchased for less than what the water rights cost in the Forrester field, but the Forrester field has enough land for 16 wells.

I'm afraid I still find the proposal by the city commission is the best answer to the water problem that has been put forward. The anonymous letter ends, "We will see you at the polls." Truly, you will see me at the polls, and I'll be voting for the bond issue.—BC

## Purdue Professor Named Director Of Summer Branding Iron Theatre

The Purdue University Playshop's associate director will guide the Palo Duro Players' ninth annual Summer Theatre season activities here at West Texas State College.

Dr. Lowell Matson, who has directed professional stock companies, university players and civic theatres, will produce two major plays in the Branding Iron Theatre and teach two courses during WT's summer sessions.

He will be here on the campus for summer session enrollment June 4 and will begin work immediately on the Players' first show, slated to open the last week in June.

The second play will be presented the last week in July, and Dr. Matson will teach courses in play directing and children's dramatics during the second summer term, starting July 16.

Summer Theatre's first production will be "Green Grows the Lilacs" by Lynn Riggs, the play on which the highly successful musical, "Oklahoma!" was based.

Dr. Matson went to Purdue in 1955 after directing a professional stock company in the Bermudian Theatre in Hamilton, Bermuda.

Since joining the Purdue Playshop, he has directed "Fourposter," "Picnic" and "Stalag 17," and recently directed an experimental production of "Six Characters in Search of an Author." He also directed an all-student musical, "Varsity Varieties," and the Lafayette Opera Guild in 1956.

Dr. Matson earned his Bachelor of Fine Arts degree, M.A. and Ph.D. degrees at the University of Iowa. He has been director of dramatics at the University of Florida, instructor in drama at Syracuse University and University of Iowa, and director of the Kansas City Playhouse and head of theatre arts at the University of Kansas City.

He served as a combat infantryman in the South Pacific during World War II, and was a civilian entertainment director between

## CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: BOBBY GRESHAM ELLINGTON, Defendant, Greeting:

You are hereby commanded to appear before the Honorable 47th Judicial District Court in and for Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of July A. D. 1957, then and there to answer by filing a written answer to the Plaintiff's Petition filed in said Court, on the 13th day of May A. D. 1957, in this cause, numbered 3340 on the docket of said court and styled NADINE THELMA ELLINGTON Plaintiff, vs. BOBBY GRESHAM ELLINGTON Defendant.

A brief statement of the nature of this suit is as follows, to wit:

A suit for a divorce of and from the defendant, Bobby Gresham Ellington, and for the permanent custody of the child born of the marriage of Nadine Thelma Ellington and Bobby Gresham Ellington, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas, this 13th day of May A. D. 1957.

ATTEST:

MAVIS HILL, Clerk,

47th Judicial District Court,

Randall County, Texas

(SEAL)

World War II and the Korean War. He produced and directed shows for overseas personnel in the Pacific area, including a six months tour of "Mister Roberts."

Dr. Matson was co-winner of the 1943 National Theatre Conference Playwriting Sponsorship, was chairman of an audio-visual project of the American Educational Theatre Association, and is editorial advisor for the Educational Theatre Journal.

He is a member of the AETA, Alpha Psi Omega, Purple Mask, Purdue Players, Speech Association of America, Central States Speech Association, Indiana Speech Association.

Dr. Matson has written a number of articles for theatre and dramatics journals and articles and monographs for the Army Informational and Historical Service.

## NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

### Budget Pressure

The battle of the budget continues. Big guns were brought into play by the Administration to pressure Congress into restoring many of the cuts already made and to stop several cuts in appropriation bills not yet voted on. Cabinet officers have reversed their earlier positions that the record-high, peacetime budget could and should be measurably reduced.

It now appears these cabinet officers were not clearly understood. What they meant to convey was that expenditures in all departments **except their own** should be cut. Hence, their advice is not of much value.

To follow it would be to spare each division of the government separately from the economic paring knife with the result that there would be no reductions.

The No. 1 big gun has been fired twice in this battle by the President of the United States. His first appearance did not generate much feeling among the people to underwrite the expenditure of 72 billion dollars to run the country. (The lack of response to this first appeal no doubt prompted the powers that be to insist upon a repeat performance by the President.) His second try is producing

much better results.

Mr. Eisenhower is in a rather unpleasant situation. He is thoroughly convinced that the expenditures listed in his budget request are absolutely essential for the preservation of this government.

He is deeply and devotedly sincere in his appeals to the American people to support his expenditure program, especially foreign aid. However, there are many others in high government circles who are as sincere in their feeling that the foreign aid program has not been as effective as it has been advertised.

When one looks at the expenditures over the years in this particular program, many questions arise. For instance, the foreign aid records reflect that between July 1, 1940 and June 30, 1945, net grant foreign aid amounted to 40 billion 255 million 660 thousand dollars.

In 1945 the population was 139 million 928 thousand. This meant that foreign aid amounted to \$287.69 for each person in this country. From July 1, 1955, to June 30, 1956, net grant foreign aid amounted to 47 billion 448 million 997 thousand dollars.

In 1956 the population had increased to 168 million 174 thou-

sand. This meant the net grant foreign aid on the 1956 population base amounted to \$282.14 for each person in this country.

In addition to this type of aid, there was the loan aid which amounted to a net figure of 12 billion 710 million 946 thousand dollars between July 1, 1940, and June 30, 1956, or a per capita figure of \$75.58. For the fiscal year 1956, that is, from July 1, 1955, through June 30, 1956, net aid under the program amounted to 4 billion 648 million 358 thousand dollars.

On July 1, 1956, authorized and appropriated aid available amounted to 13 billion 800 million dollars.

A recapitulation of all of these figures reflects that from 1940 through July 1, 1956, the foreign aid program, in expenditures and available funds, had cost this country 116 billion 485 million 564 thousand dollars or \$692.65 per person on the basis of the 1956 population.

I know that all of these figures are most confusing, so we will try to apply them to one or two of the counties in the 18th Congressional District and see what we come up with, using the 1950 population census and the pro rata share per citizen on a nation wide basis.

The records reflect that my home county of Gray has spent \$21,389,225 in foreign aid between 1940 and 1957. The people in the City of Pampa, my home town, have spent \$14,343,963 during that time.

In 1956 foreign aid cost Gray County \$859,051. The people of Pampa were charged with \$576,093.

Applying these figures to Childress County we find the people of that county have spent \$10,486,153 between 1940 and 1957 on the foreign aid program. In 1956, \$421,153 was the pro rata share of the foreign aid program for Childress County.

The part chargeable to the City of Childress would be \$6,590,283 for the entire foreign aid program, or \$264,684 for the year 1956.

Potter County, on a population basis of 1950, shows to have contributed \$63,460,123 since 1940; the City of Amarillo proper, \$58,624,019.

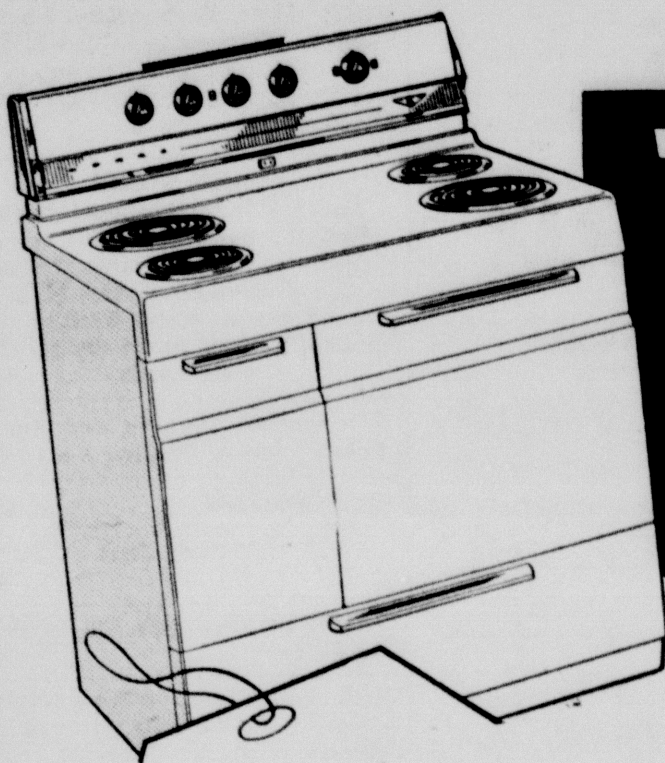

The 1956 program reflects \$2,548,735 for Potter County and \$2,354,504 for the City of Amarillo.

If any of you would like the figures for your county, please write me and I will try to get them for you.

The staunch proponents of foreign aid argue that these expenditures have been necessary to hold the line against communism, and that without it, the entire continent of Europe would have passed out of the free world into the realm of communism. Opponents of the measure argue that these expenditures would be well spent if they provide an effective weapon against communism.

But, they point out the many gains which have been made by the communist countries in many places around the world where much of our foreign aid has been spent; they point out the growing unrest in the Middle East as a result of foreign aid grants by this country to France and England; they point out the growing jealousies in countries not receiving these grants; and they point out the criticisms which are continually heard from many of the countries receiving the aid.

Their argument is to the effect that the foreign aid program has not proven an effective weapon against the spread of communism and that these funds should be dedicated to a purpose that will have a telling effect on this growing menace.

BIG REASONS I LIKE  
ELECTRIC COOKING!

says, MRS. GEORGE C. KUHNER,  
of ROSWELL, NEW MEXICO.

"Christy likes the push buttons. I like them, too, because they are out of reach of the smaller children... besides electric is the cleanest kind of cooking".

"Shelley likes the big oven and I agree. The automatic timer is very handy. Also, it is nice to be gone for an afternoon and have your dinner all cooked and ready to serve when you get home".

"Kathy likes cooking with her fudge pot and the fast surface units are certainly our answer when working on a tight schedule".

"Laurie likes it because it cooks good chicken and when we cook chicken, or anything else, it doesn't heat the kitchen - just the food".

ELECTRIC COOKING Measures Up!

## My Favorite Recipe

MRS. MARGUERITE STRAIN

### Date Pudding

- 1/3 cup butter
- 1 cup sugar
- 3 eggs
- 3 Tablespoons flour
- 1/2 teaspoon baking powder
- 1 cup sweet milk
- 1 cup dates chopped
- 1 cup Walnuts chopped
- Pinch of salt

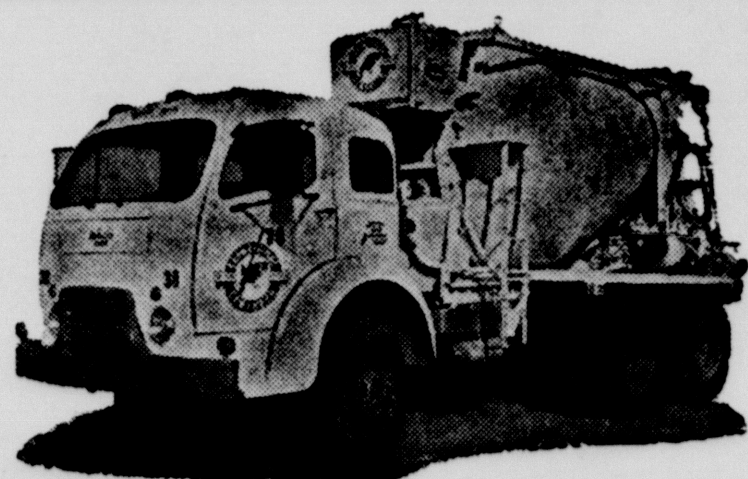

Cream butter, add sugar gradually, add well beaten eggs and flour mixed with baking powder. Add milk, walnuts and dates and salt. Bake in loaf pan in 350 degree oven about an hour, serve with whipped cream.

(This is the 5th in a series of favorite recipes to be run for the next 8 weeks.)

**NOW... SAVE \$1.00 PER GALLON**

A premium paint at a popular price! Compares with other manufacturers' first grade house paints, but sells for less. NOW, you save even more... \$1.00 per gallon, making this the best house paint buy in years.

Reg. Price \$5.95 **NOW \$4.95 Per Gal.**

**BURROW LUMBER CO.**

**You'll get more than ever before of the last 10%... the PROFITABLE 10% with a NEW McCormick 141**

Exclusive IH opposed-action double-shake cleaning prevents grain waste due to straw "bridging" between chaffer and shoe sieve. Positive agitation and controlled air blast save more grain—get it seed clean!

New 60 hp valve-in-head engine gives you steady power for grain-saving threshing, complete separation, and thorough cleaning in toughest conditions. Engine is up, out of the dirt.

Instant-responding controls—new power steering,\* hydraulic brakes,\* variable-speed propulsion drive, hydraulic platform controls—make it easier than ever to save grain. "9-shot" lubrication at noon saves valuable field time.

Let us show you how a McCormick No. 141, with 10, 12 or 14-foot platform, can help you bin bushels more of every grain or grass crop you grow!

\*Optional at extra cost.

**Now, get more than ever of the last 10%... the PROFITABLE 10% often left in the field by less efficient combines**

## Will Live in Austin

MRS. EUGENE MEYER PHILLIPS

## Cundiff-Phillips Vows Read Saturday In First Baptist Church in Canyon

Wedding vows were solemnized at 8 p. m. Saturday for Virginia Elaine Cundiff and Eugene Meyer Phillips in the sanctuary of the First Baptist Church here. The bride is the daughter of Dr. and Mrs. Ellsworth James Cundiff, Canyon, and the bridegroom's parents are Mr. and Mrs. J. C. Phillips, 819 Franklin, Borger.

The Rev. T. Winston Wilbanks, associate pastor of the Westminster Presbyterian Church, Amarillo, former pastor of the First Presbyterian Church, Canyon, performed the double ring ceremony for the couple before an altar banked with tall white tapers in branch candelabra placed at graduated levels. Flanking the altar were pedestal arrangements of white peonies entwined with miniature lights with tiny crystal wedding bell reflectors.

Mrs. Lee Foster presented an organ prelude of nuptial selections, including "O, Thou Sublime Evening Star," "Lord, as in Thy Presence," "Album Leaf," Air from "Rinaldo," "Intermezzo," "My Heart at Thy Sweet Voice," and "Evening Prayer." Mrs. Foster accompanied Dorothy Neblett, soloist, who sang "At Dawning" and "Wedding Prayer." The traditional processional and recessional were used and Beethoven's "Moonlight Sonata" was played as a piano-organ duet by Mrs. Foster and Mrs. Newton Harrell.

Dr. Cundiff presented his daughter in marriage. She wore an exquisite gown of candlelight silk peau de soie fashioned with an elongated bodice featuring a sabrina neckline. Appliques of lace embroidered in seed pearls highlighted the center panel extending down the full length of the front of the gown. The long sleeves tapered to points over the hands and the skirt's bouffance was created by yards of silk released in tiny pleats from the side and back where it swept into a cathedral train.

Her fingertip veil of French illusion was attached to a coronet of lace outlined in scallops of pleated

tulle accented with iridescent sequins and seed pearls. The bride carried a white Bible on which rested a white orchid with shower of Stephanotis and white satin streamers.

Mrs. W. A. Durham, Seattle, Wash., sister of the bridegroom, attended the bride as matron of honor. Bridesmaids were Carolyn Moore, Houston; Shirley Klien, Tomball; Mary Kate Surratt, Panhandle, and Mary Stiles, Baytown. The attendants wore identically styled dresses of chiffon in pastel rainbow colors of orchid, pink, green, yellow and aqua, styled with portrait necklines and shirred bodices extending into long torso waistlines and full gathered skirts. Floating panels of chiffon extending from the neck to the hemline accented the back of the dresses. They wore hats of matching maline accented with velveteen ribbon with small bows at the back, and short white gloves complemented their attire.

The matron of honor's bouquet was of effie roses outlined with French bridal lace. The bridesmaids carried colonial bouquets of feathered carnations matching the varied colors of their dresses. Each bouquet was centered with sweetheart rosebuds and outlined with lace.

Flower girls, Jeanne Phillips, daughter of Mr. and Mrs. J. C. Phillips Jr., Albuquerque, N. M., niece of the bridegroom, and Janet Warren, daughter of Mr. and Mrs. David Warren Jr., 410 Houston, Borger, cousin of the bridegroom, carried pink net baskets filled with white rose petals.

Jill and Jay Phillips, the bridegroom's niece and nephew, children of Mr. and Mrs. J. C. Phillips Jr., were ring bearers. They carried the rings on white satin pillows. Jeanne, Janet and Jill wore frocks of white embroidered organdy over pastel slips and wore bouquets of white flowers in their hair.

James Clayton Phillips Jr., Albuquerque, N. M., was his brother's best man. Ushers were James Cundiff, Canyon, brother of the bride; David M. Warren Jr., Borger; Robert L. Wilson, Waco, and William R. Neff, Sherman.

Mrs. Cundiff, mother of the bride, chose for her daughter's wedding a street length dress of Dior blue pure silk organza and lace, fashioned along princess lines with an empire bodice of Chantilly lace, and elbow length sleeves. She wore a matching hat and a white orchid corsage.

Mrs. Phillips, mother of the bridegroom, wore a Norman Modes original of mauve lace over matching taffeta embroidered with clusters of mauve seed pearls, designed along princess lines with low round neck. Her flowered half hat was of pastel shades of lavender and pink. She wore matching accessories and an orchid corsage.

At the reception in the home of the bride's parents, immediately following the ceremony at the church, the bride's table was laid with a handmade cloth of white organdy and linen over white satin and centered with an arrangement of white roses and white stock. Tall white tapers in crystal cande-

labra flanked the floral arrangement.

Mrs. Dave Warren, Panhandle, aunt of the bridegroom, served the five tiered white wedding cake. Mrs. A. M. Meyer ladled punch and Mrs. A. E. Meyer, Amarillo, grandmother of the bridegroom, was in charge of the guest register.

Members of the house party were Billie Graham, Joan Irwin, Sandy Irwin; Mrs. Beverly Dampf and Mrs. Dee Ann Crowley, all of Amarillo; Elinor Drake and Joycelyn Wells, Wellington; Carol Flynn, Port Arthur; Connie Mays and Ann Marie Luedeman, San Antonio; and Mrs. Peggy Scott, Clovis, N. M.

For the wedding trip the bride traveled in a sheath dress of gray Italian silk with white accessories and a white orchid corsage.

Mrs. Phillips received her degree from the University of Texas last week. She is a member of Alpha Phi Sorority. He received his degree in business administration from the University of Texas in January, where he was affiliated with Phi Gamma Delta Fraternity. He is with the Farmers Insurance Group in their regional office at Austin.

Mr. and Mrs. Phillips will make their home at 5504 Overbrook Drive, Austin.

Out of town guests included Mrs. J. C. Phillips Jr., Albuquerque, N. M.; Mrs. Robert Wilson, Waco; Mrs. William R. Neff, Sherman; Mrs. Clara John, Galveston; Dr. and Mrs. O. B. Vaughn, Jannett and Sue and Dr. and Mrs. John B. Peterson, Corpus Christi; Mr. and Mrs. Jack O. Tucker, Houston; Mr. and Mrs. D. H. Haley, Mack, Jim and Jan, Clayton, N. M.; Lois Jeanette Hunt, Topeka, Kan.; Mr. and Mrs. Bernard Meyer and sons, Gregory and Timothy, Huntington Park, Calif.; Melissa Durham, Seattle, Wash. Guests also attended from Amarillo, Borger, Panhandle, Hereford, Tulia and Friona.

Mr. and Mrs. J. C. Phillips were hosts at the rehearsal dinner Friday night at Dresden Inn, Amarillo. Floral arrangements carried out the bride's chosen pastel colors.

Chaplain Robert B. Mathis and family of Fort Hood came by Thursday to visit with their aunt and uncle, Mr. and Mrs. Silas Hart, and to see Lt. Col. Fred Hart and family. The chaplain is on his way to the port of embarkation for a second tour of duty in Germany. He has served as chaplain in Alaska, Hawaii, Japan and Korea.

**BUT IT'S A FALLING MARKET**  
Small Brother — I just saw you kiss my sister.

Young Man — Here. Keep still. Put this quarter in your pocket.  
Small Brother — Here's a dime change. One price to all, that's the way I do business.

If you must have the club, the minister's family, or an out-of-town guest before you get around to proper spring cleaning, you can often out-figure them.

For instance, every woman's club has a cobweb spotter. On the day of the party, sit down in your living room and look for hidden cobwebs. Gaze at the ceiling, the fireplace, the footed furniture. Imagine you're in her home and think what you'd be likely to notice.

Then there's the book-looker. If you haven't time to take each book out and dust it, for heaven's sake put the two newest novels out in a conspicuous place on a table. They will serve as a decoy to keep her away from the bookshelves.

Watch out, also, for the yard expert. Invariably, she'll start for the back door or window to see how your garden grows. Don't try to head her off — She's a determined woman. Just sweep the terrace; it's easier.

Out-of-town guests are sure to make a pilgrimage around the premises. Don't take a chance — hide the mop and the leaf rake.

If you plan an outdoor supper for the minister and his family, you had best clean off the window sills anyway. Just as sure as you get the yard ready and neglect the house, a shower will chase every one indoors and you'll have to

the Estate of Addie C. Davis,  
Deceased.

raise the windows.

We know two women who claim they go over every inch of their homes every day. We never did believe them, and a couple of summers ago both found moths in neglected corners.

As for ourselves, we are notoriously careless at housekeeping. But we delight in fooling the experts — and only about half the time do we get caught in our own trap.

## CREAM O'PLAINS MILK

IN STUDIES OVER A PERIOD OF 15 YEARS, Dr. Weston A. Price analyzed 20,000 samples of dairy products obtained from all over the world. For the U. S. he found the vitamin content lowest in the samples from eastern and far western states and highest in those from DEAF SMITH COUNTY, TEXAS, where the soil and pasturage are highly mineralized. He also found evidence that the mortality from heart disease and pneumonia was lowest where the vitamin content of the dairy products was highest. -Mechanix Illustrated June Issue.

Drink and Eat Genuine Cream O'Plains Dairy Products, the only Dairy Foods produced exclusively from Deaf Smith County Dairies. In the Gallon Jug at your Grocery.

### Last AAUW Meeting At Harters Saturday

The final meeting of the Canyon branch of AAUW will be a luncheon meeting at noon Saturday at the home of Mrs. Charles Harter. Each member who can attend is asked to bring a salad to Mrs. Harter's home southwest of Canyon.

**GENE McGLASSON, JR.** announces the removal of his Law office to  
300 15th Street

Members and guests will gather at the home of Dr. Ruth Lowes, 2004 Seventh Avenue, and go to Mrs. Harter's in a caravan. During the meeting, Mrs. Dan Sanders, president, and Mrs. Harter, state parliamentarian, will report on the state meeting of AAUW, which they attended in Tyler last month.

G. B. Combs attended the pioneer celebration at Hereford Friday and visited with old friends. He said, "This seems the best I have ever attended. The entertainment was swell. There was a wonderful and bountiful lunch at noon... a good time all day."

### Election - - -

Continued from Page 1

\$3.65 per bond for its work. If the issue passes, 650 bonds will be issued.

The bond issue will be split between \$500,000 water revenue bonds and \$150,000 tax bonds, on the advice of the Underwood company. Underwood told the commission that the bonds will sell at an average interest rate of between 3.75 and 4 per cent interest.

He said that if the issue passes with a good turnout of voters, the interest rate can be lowered by as much as one-quarter of one per cent.

If the bond issue passes Saturday, the city commission will call for bids on construction of the system and will determine the exact cost. The bonds will probably be sold in July, following approval by the Attorney General.

The bonds will most likely be sold by sealed bid, the commission indicated.

The city's proposal for developing the waterworks has been approved by the Canyon Chamber of Commerce, and the chamber has urged that every qualified voter turn out Saturday.

Mr. and Mrs. Leroy Lowry and daughter, Judy, Bill Love of Lubbock and Mrs. A. H. Love of Florence visited Sunday with Mrs. R. D. Lowry. Mrs. Lowry returned home last Friday after visiting a week in Perryton with her daughter and husband, Mr. and Mrs. Glenn Phillips.

## Wayside News

The Rev. Merle Weathers filled his regular appointments Sunday.

The Rev. Joe Leatherwood has been sent back as pastor of the Vigo Park circuit for another year.

Mrs. Mary Jenkins of Canyon attended Memorial Day services Thursday and remained over to visit her sister, Mrs. Bessie Lane.

Mrs. Fannie Stevens visited in the Dick Orr home in Panhandle last week and attended the graduation of her grandson, Richard Orr.

Mr. and Mrs. William Payne of Clarendon spent Wednesday night in the W. R. Franklin home and attended Memorial services.

All the M. L. McGehee children and their families attended Memorial Day services Thursday.

Mrs. Effie Henson of California attended Memorial services.

Mr. and Mrs. W. R. Franklin were Canyon and Amarillo shoppers Friday.

Mr. and Mrs. Cecil Reed, Butch, Bill and Sue spent this weekend in

A motor rewind here has its full rated horsepower—the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make—we can service your electric motors perfectly, economically.

**Wirt Electric**

Quitaque visiting his parents.

Mrs. Z. D. Starkey, Vickie, Jimmie Don and a friend from Amarillo visited in the Cecil Reed home Wednesday.

Mr. and Mrs. Willie Modisette, Royce, Marian, Fay and Marilyn Wetzel were guests in the Artie Brawner home in Amarillo last Sunday.

Mr. and Mrs. Joyce Lane and Joy and Mrs. E. J. Mahler left Wednesday for Yuma, Ariz., to attend the wedding of a great-niece of Mrs. Mahler's.

Mr. and Mrs. E. C. Franklin have accepted the positions as teachers of the Wayside School again for the coming year.

Mr. and Mrs. Charles Kennedy, Robert, Richard and Mrs. R. C. Petty were all Canyon visitors on Saturday.

Mr. and Mrs. Jack Buster of Tulsa, Okla., and Mr. and Mrs. Dick Orr, Richard and Ann of Panhandle all visited their mother and grandmother, Mrs. Fannie Stevens. They also attended Memorial Day services.

This community received another big rain Friday evening and night and all day Saturday. The Willie Modisette, Kelly McGehee and J. O. Parker farms east of Wayside suffered from a severe hail storm and heavy rain late Friday evening.

## SoRelle Receives Divinity Degree

James Berkeley SoRelle has received the Bachelor of Divinity degree from Louisville Presbyterian Theological Seminary.

This BD degree requires a study program of at least three years beyond completion of undergraduate college training. Along with his diploma, the Rev. SoRelle received a Rural Church Certificate.

A graduate of Canyon High School, the Rev. SoRelle received his BS degree from Texas A&M in 1954. He is serving as minister of three churches in and near Paradis, La.

Mr. and Mrs. Medford Abbott and sons spent last weekend visiting Santa Fe and other places on a fishing trip.

## Will Reside Here

MRS. NOEL MAXWELL

## Dorris-Maxwell Vows Solemnized in Morning Service at Joseph Hill Chapel

In a double-ring service at Joseph A. Hill Chapel Saturday morning, Ann Dorris of Dumas, daughter of Mrs. J. K. Dorris, became the bride of Noel W. Maxwell, son of Mr. and Mrs. Paul M. Maxwell of Stanley, Kan. The Rev. Carlton H. Thomson, Methodist minister, read the service.

Organist, Juanelva Rose, played "Adagio" by Mendelssohn, "Air" by Bach, "Because," "I Love You Truly" and "Through the Years" as a prelude. Traditional marches were used and during the ceremony she played "Andante" by Frank, Bennie Gollehon sang "Because," "The Lord's Prayer" and "Do Not Intrigue Me To Leave You."

Brother of the bridegroom, Adrian Maxwell, and Donna Drennan, niece of the bride, were candle-lighters. Miss Drennan wore a dress of pink taffeta with a matching pink net over skirt. Her head-dress was a pink net bandeau.

Attending her sister as matron of honor was Mrs. Waldeen Thomson. She wore a blue taffeta sheath with a matching net overskirt. Her head-dress was of taffeta trimmed with beads and net.

The junior bridesmaids, Janie Thomson and Carol Drennan, nieces of the bride, wore dresses of pink taffeta with net overskirts and matching pink bandeaux. Bridesmaids, Patricia Copland and Linda Drennan, wore blue taffeta sheaths with net overskirts and head-dresses of matching taffeta trimmed with beads and net. All of the attendants carried bouquets of asters to match their costumes.

A pink taffeta frock with a net overskirt was worn by Patty Dorris, niece of the bride, flower girl. Her bandeau was of pink net and she carried a white satin basket filled with pink rose petals.

Joe Mack Hill of Spearman was best man. Serving as ushers were Dean Foshee of Canyon and Don Smith of Amarillo. Tommy Thomson, nephew of the bride, carried the rings.

For her wedding, the bride, who was given in marriage by her brother, Glenn Dorris, chose a white satin gown designed with a long torso. The full gathered skirt terminated in a chapel sweep, and the neckline was framed with Alencon lace. Her veil of illusion was attached to a tiara of sequins and pearls, and she carried a bouquet of feathered carnations centered with a white orchid.

Mrs. Dorris, mother of the bride, wore a gray lace dress over pink taffeta with navy accessories. Mrs. Maxwell, the bridegroom's mother,

wore a navy lace dress with white accessories. Both had corsages of pink roses.

A reception was held at Stafford Hall. The serving table, laid with a linen cutwork cloth over pink, was decorated with pink and blue asters. Sister of the bride, Mrs. Don Drennan, served the tiered cake, and Mrs. Carlton Thomson, also a sister, presided at the punch bowl. Guests were registered by Mrs. Alvis Faquay, cousin of the bride.

The couple is to be at home June 7 at 2617 E. 3rd, following the wedding trip to New Orleans. For the trip, the bride traveled in a navy suit with white accessories and a white orchid corsage.

Mrs. Maxwell was graduated from West Texas State College, where she was a member of Tau Beta Sigma, honorary band sorority. She is a teacher in the Dumas schools.

The bridegroom is a student at West Texas State, where he is a member of the Buffalo Band and Kappa Kappa Psi, national honorary band fraternity.

Mr. and Mrs. Kenneth Waugh had guests here for the weekend. There were her parents, Mr. and Mrs. R. E. Higbee, and her brother, Thomas, of Kansas.

NO. 991  
ESTATE OF VIRGIL KENNETH McCASKILL, DECEASED.  
IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS.  
NOTICE TO DEBTORS AND CREDITORS  
THE STATE OF TEXAS, COUNTY OF RANDALL, TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF VIRGIL KENNETH McCASKILL, DECEASED:

The undersigned, having been duly appointed Executrix of the Estate of Virgil Kenneth McCaskill, Deceased, late of Randall County, Texas, by Roy Joe Stevens, Judge of the County Court of said County on the 21st day of May, A. D. 1957, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said Estate to present them to her within the time prescribed by law at her residence, Canyon, Randall County, Texas, where she receives her mail, or at the office of J. D. Barker, Canyon, Texas, my attorney, this 21st day of May, A. D. 1957.

MARGUERITE McCASKILL  
Executrix of the Estate of Virgil Kenneth McCaskill, Deceased.

## WASHINGTON NEWSLETTER

from Sen. Lyndon Johnson

Cost of living is up again. For the eighth straight month a new record high in living costs has been set. The statisticians in the Bureau of Labor predict that the figures for May will show yet another increase.

Most of the rise in the national cost of living index was due to an increase in food prices. But higher prices at the grocery store don't mean higher prices on the farm.

A Congressional committee is now investigating this question: Why have food costs to the housewife gone up so much over the last several years while the farmers' prices have gone down? The committee's findings will certainly be of interest to Texans.

Farm income has gone down from over \$14 billion to about \$11 billion during the last four years. That is a drop of about 17.5 per cent. During the same time income of other segments of the American economy increased by 12.5 per cent. The farmers' share of the consumer dollar went down from 47 to 40 cents.

### Comings and Goings

My mother has gone back to Texas after visiting with us for a month. Lady Bird and I and our two girls certainly enjoyed her visit and we miss her.

Attorney General Will Wilson was in Washington recently, accompanied by his charming wife and their two children, Lou and Will Jr. Young Will was widowed over a visit to the FBI.

I was glad to see George Chance of Bryan, who is currently president of the National Cotton Council. Mr. Chance operates a big farm in the Brazos River Valley. He said the floods have caused him to do most of his farming from a row boat this spring.

Appropriation bills continue to occupy much of my time. We are still making cuts in amounts requested by President Eisenhower in his budget. Prudent, careful consideration is being given to every proposed expenditure.

Chancellor Konrad Adenauer of West Germany visited Washington for the fifth time since 1953. I am always inspired by an opportunity to talk with this wise and patriotic old gentleman.

He is America's loyal friend and staunch ally. He has kept freedom alive in Western Germany. He is a symbol of hope to all those who pray for the reunification of the German nation.

It was my sad duty last week to attend the funeral of Major

Thomas Ramsey, younger brother of our Lieutenant Governor. He was interred in Arlington National Cemetery. Lt. Gov. Ben Ramsey was here for the funeral.

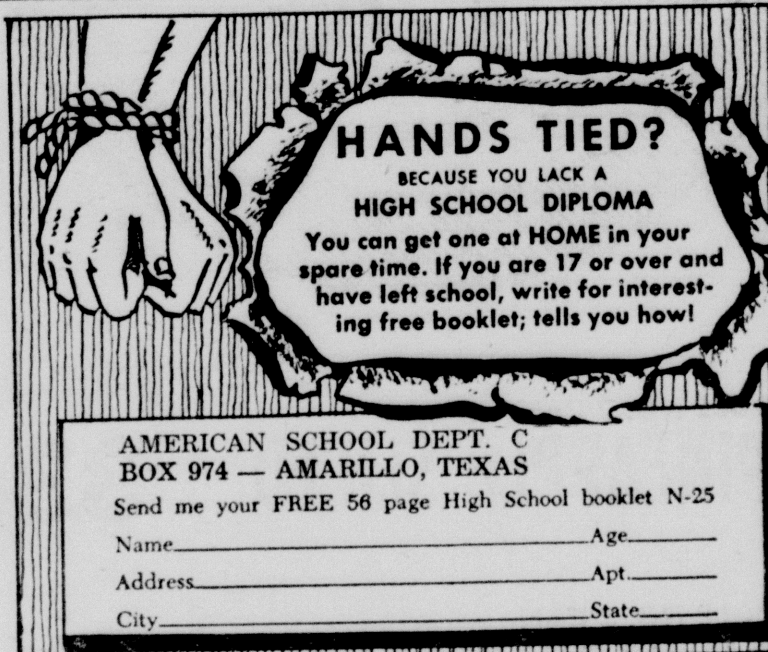

Texas flood damage will be inspected by a committee of the House of Representatives. They will find we need more flood control projects in Texas. They will find that existing projects have paid big dividends. I know the visit to Texas of these Representatives, who will be accompanied by a number of newsmen, will prove beneficial to our state.

## P. M. Wilsons Have Visitors Recently

Mr. and Mrs. P. M. Wilson have had several guests this last week. Visiting them have been Mrs. Jim Kennison of Long Beach, Calif., Capt. and Mrs. Earl Essing and son, Mrs. Tige Grones and daughters of Stinnett, Mr. and Mrs. Hamil Wilson and children of Fritch.

Mr. and Mrs. Robert Grones, Mr. and Mrs. Don Vance and Mr. and Mrs. Bob Prichard, students of WT. Also guests were Mr. and Mrs. Olie Ford of Dallas and Mr. and Mrs. C. E. Clark.

John Adams was the first U. S. ambassador to England.

when watery spring pastures make fussy eaters...

## Purina Bulky-Las whets appetites, helps maintain top cow condition

Dairymen don't ordinarily complain this time of year about milk flow or cow condition.

But, when lush pasture grass contains up to 85% water, cows often eat so much grass they get full and won't eat their grain. They continue to milk well, but often lose weight if they do not eat enough grain while on lush pasture.

Then, when pastures turn brown, most of the grain ration will be needed to maintain the cows' bodies. Milk production usually drops off when body condition is poor.

Maintain body condition with Bulky-Las

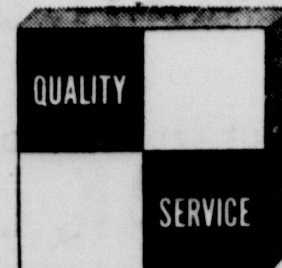

Top-feed palatable Bulky-Las with whatever ration you are now feeding . . . (up to one-half gallon per cow per milking). Bulky-Las stimulates cows, appetites, adds body-building nourishment to

your ration, and keeps cows producing well, right up to dry-off time. Cows go for the molasses, bulky beet pulp, alfalfa meal, vitamins and minerals in Bulky-Las.

Bulky-Las helps balance with minerals and energy the watery grass your cows eat on pasture.

No matter what kind of grain ration you are now feeding, ask us about Bulky-Las. We will gladly give you proof that Bulky-Las is tops when it comes to helping maintain cow condition.

Kill those flies now! Get the jump on the fly problem this spring. Sprinkle PURINA FLY BAIT lightly wherever flies gather. In the dairy barn, poultry house, kennel . . . and in outdoor areas, too. Flies naturally go for Purina Fly Bait. And does it kill 'em! So, be sure to check your Checkerboard Man, and beat the fly problem.

FEED PURINA... YOU CAN DEPEND ON THE CHECKERBOARD

## Cherry Blossoms

BY DOVIE CHERRY

Week before last I wrote about the job of a funeral director and, so, I was especially interested in an amusing incident which happened to a funeral home employee at Hereford. Jimmy Gillentine wrote about it in his column, Hereford Bull, which appears in the Sunday Brand.

known as "Cecil" and works at the funeral home where her brother is mortician, requisitioned the old Cadillac ambulance when the firm bought a new ambulance. She and her husband converted it into a "deluxe fishing wagon," complete with rollaway bed and all.

Mrs. Reed Williams, who is While they were fishing last

### Wedding Announced

MRS. GORDON PAUL CRAIG

### Johnigan-Craig Nuptial Vows Read In Westminster Presbyterian Church

Mr. and Mrs. J. C. Johnigan have announced the marriage of their daughter, Marilyn, of Amarillo, to Gordon Paul Craig of Amarillo, son of Dr. and Mrs. V. Y. Craig of Denton.

The double-ring service was read May 17 by the Rev. T. Winston Wilbanks, associate pastor of the Westminster Presbyterian Church in the library of the church.

Mrs. Bob Morris, attired in a navy dress and wearing a corsage of pink roses, attended her sister as matron of honor. Best man was Neil Wood.

The bride wore a navy wool suit with a beaded shoulder cape and white accessories. Her corsage was a white orchid.

Honoring the bridal party following the ceremony was a reception in the home of Mr. and Mrs. Ray Faircloth, 1617 Harrison. Mrs. Bob

Morris registered the guests, and coffee and cake were served.

Mr. and Mrs. Craig took a wedding trip to Ruidoso, N. M. They are at home at 5805-A Lawrence Boulevard, Amarillo.

The bride attended West Texas State College and received a BBA degree from North Texas State College, Denton. She is employed by the Sun Oil Company and is a member of the Desk and Derrick Club.

He attended North Texas State College and received a BS degree at the University of Texas. A geologist for Sinclair Oil and Gas Company, Mr. Craig is a member of the Panhandle Geological Society.

Attending the wedding other than the parents were Mr. and Mrs. Bob Morris, Mr. and Mrs. Neil Wood, Mr. and Mrs. Ray Faircloth and Will Schroeder.

week at Lake Conchas, the car door hit Cecil, "who doubled up in knots, and had to be rushed into Tucumcari for medical attention. The doctor examined her, pronounced 'strangled hernia,' ordered hospitalization, then said: 'You'll have to be returned in an ambulance. Shall I get one here, or would you rather that I call one from Hereford?'"

"Never mind!" answered Cecil, who couldn't suppress a grin. "I'll go back in my own." And that is exactly what she did."

A number of parents in Canyon have children who are overseas, most of them with a military service. Mrs. Hattie Brasuel's daughter, Mrs. Watts, is with her husband in Germany.

Like a good many of the parents Mrs. Brasuel receives letters which describes not only the family activities but also give a good deal of information about the country where they are.

On May 12, Mrs. Brasuel's daughter wrote, "I got to go on a ladies club tour of Trier which was very interesting. I had written about the old Roman ruins. We went back to them and had a German guide who told us all about them. It was much better than trying to read a book."

"Then he took us to the churches which are so unique that I found them to be as of as great interest as any we've been to. One is Mathias Church where the apostle Mathias is buried. It is so pretty and interesting."

"There are so many candles where the pilgrims come and those who belong to his order. Some of the candles are over three feet tall and huge."

"Another church has the robe that was worn by Christ at the crucifixion. It is shown every 35 years by order of the pope. Then, of course, thousands of pilgrims come to Trier. It is supposed to be the city that saved Christianity."

On April 28, she wrote that they had received a set of mouth blown crystal for their crystal wedding anniversary, was worried about the weather conditions in Texas and that her sons were busy car washing and baby sitting to get money for the Boy Scout Jamboree and a soccer trip to Paris.

She wrote especially of a tour to Holland. They stayed in a hotel at Baarn which was right across the street from Queen Juliana's palace.

She wrote that they went to the Zuider Zee to an Edam cheese factory and she was especially impressed by the bed where "the farmer and all his family sleep in one closet!"

She seemed to especially enjoy the visit to Amsterdam where they attended a flower auction. She wrote "... I don't ever remember seeing so many flowers in my life ... There were 600 varieties of tulips."

During the last few weeks with the weather being so rebellious, folks in the Panhandle have heard a lot of the weatherman's voice as he gave reports on the weather from the weather bureau office in Amarillo.

A lot of people are amused to hear one of the forecasters pronounce Deaf Smith County because he pronounces it Deef Smith, that is, with a long e.

But, actually they shouldn't laugh too hard; that was the correct pronunciation when Deaf Smith was first formed.

It's too bad the Little League game was rained out Monday afternoon. I bet there were a lot of disappointed and squirmy youngsters. Hope they can wait until Thursday.

And speaking of the Little League, I don't recall if any special word of thank you and congratulations has been given to all the men who helped organize, get rolling and polish up the Randall County Little League Association.

So, I say congratulations and thank you not only to officers, committees, managers, agents, and all those who help the league function but to those who helped raise money for the association.

The ball park, complete with fence, special field and ball park lights, is evidence of a lot of work and sweat as the men of Canyon put their own muscle and energy into getting it made.

I feel last year and this year has shown more concern and actual effort toward getting wholesome recreation and pastimes for the youth of Canyon. Organization of a baseball league and a recreation center is a big and commendable step.

Also, it's evidence of a community no longer just being a group of people living near each other, but of a group of people becoming conscious of each other and their needs. And all that is commonly termed community minded.

So it's my wish that the people of Canyon continue to grow community minded and that the children who are now and will receive the benefits of the work being done, will find it a good precedent to follow.

And there's one thing certain. The younger set is definitely "baseball minded." The stores must have had a boom sale of baseball caps, baseball mitts, baseballs and gloves.

Lots of people have great aims in life, but never pull the trigger.

## County Refuses Road Drilling

Permission to drill geophysical test holes in county right of way was conditionally refused a representative of Shell Oil Company by the Randall County Commissioners Court Monday.

The representative told the commissioners the company plans to send a seismograph crew to the area in the near future to do reconnaissance work in four areas. He said the company was planning no major search at the present time.

The commissioners told the representative that the county has no objection to drilling holes in road ditches if the holes are plugged and if the adjoining landowners agree. They asked that the crew obtain permission to drill from the landowners and then contact the commissioner of the precinct.

The commission noted that the county holds title to the right of way for road purposes only, but they felt morally obligated to protect irrigation and windmill wells of property owners from underground shocks.

They said they felt the best way to handle any seismograph drilling in the right of way is to require the crew to obtain permission, preferably written, from the land owner.

## Dennis Ford Sponsors Honorary Fraternity

## June Bride

MRS. ROBERT NEAL BURGESS

## Gaylene Pettit, Robert Burgess Marry in Double-Ring Service

Lila Gaylene Pettit and Robert Neal Burgess were united in marriage Saturday evening at a double ring service in the Assembly of God Church. The Rev. A. J. Pettit, father of the bride, read the service assisted by the Rev. Robert Alsop.

The Rev. and Mrs. Pettit, 1800 First, are the parents of the bride, and the bridegroom's parents are Mr. and Mrs. R. M. Burgess, 1905 Fourth.

Traditional wedding selections were played by Mrs. Bob Alsop of Oklahoma City, organist, and Shirley Peppard sang "Bless This House" and Arlene Johnson sang "Whither Thou Goest."

Vows were exchanged by the couple before cathedral type windows decorated with ivy and baskets of white gladioli tied with pink and orchid ribbons. Candelabra flanked the altar.

Pat Matthews of San Angelo attended the bride as maid-of-honor. She wore a dress of pink antique taffeta and a pink net picture hat and carried a pink net fan pinned with asters.

The bridesmaids, Glenetta Johnson, Minnie Pearl Burgess and Jimmie Lou Cooper, were attired in dresses of orchid antique taffeta with matching net picture hats. Their fans of orchid net also were

trimmed with asters.

Cousin of the bride and flower girl, Sandra Kay Franklin of Amarillo, wore a pale yellow nylon frock.

Lighting the candles were Nelda Jean Adcock and Weldon Pior of Levelland and Ronnie Franklin of Amarillo, cousins of the bride, and Debra Burgess of Dallas, niece of the bridegroom.

Carol Burgess of Amarillo was his brother's best man. Grooms-men were Archie Phelps of Tacoma, Wash., Gene Peggram of Wellington and Bill Waldrop, Earl Gene Peppard of Dallas and Dwayne Pettit, brother of the bride, served as ushers.

Given in marriage by her father, the bride was attired in a ballarina length gown of Chantilly type lace, styled with a fitted bodice, lace jacket, long tapered sleeves and a full skirt of lace and tulle. Her finger-tip veil of tulle fell from a coronet of seed pearls and orange blossoms. Her bouquet was of pink rosebuds on a white Bible.

Mother of the bride, Mrs. Pettit, wore an orchid lace dress with white accessories. The bridegroom's mother, Mrs. Burgess, wore a navy dress with navy and white accessories. Both had corsages of white carnations.

The bridal party was feted at a reception following the ceremony in the home of the bridegroom's parents. Laid with a lace cloth over orchid, the serving table was centered with a tiered wedding cake. Glenetta Johnson presided at the punch bowl. Guests were registered by Arlene Johnson.

For the wedding trip to Ruidoso, N. M., the bride chose a navy silk and cotton sheath with white accessories. After June 8, the couple will be at home at 2702 Fifth Avenue.

The bride is a graduate of Canyon High School and attended Southwestern Bible Institute at Waxahachie. She is employed at the First National Bank. The bridegroom graduated from Amarillo High School. He is a senior student at West Texas State College, where he is a member of the T-Anchor Aggies Club.

## Dairy Products Head Food List

College Station—The June plentiful food list is headed by milk and other dairy products. Additional high protein foods on the USDA list are beef, turkey, eggs and halibut.

The plentiful foods program will be a part of the dairy industry's cooperative efforts in behalf of June Dairy Month.

There are also plenty of strawberries. They are scheduled for extra emphasis during the month, costly in connection with dairy products.

Although the supply of fresh fruits will be low during June, canned purple plums and canned freestone peaches will be available to the housewife in plentiful supplies.

Other plentiful items include potatoes, peanuts, peanut butter and vegetable fats and oils.

Mr. and Mrs. A. B. Berry returned home Sunday from Shreveport, La., after visiting a few days with their daughter and family, Mr. and Mrs. C. L. Patterson.

## Society Elects Executive Board

The board of directors of the Panhandle-Plains Historical Society Tuesday elected five of their members to the society executive council to serve with the five officers.

Elected were Harold Bugbee of Clarendon, J. Evetts Haley of Canyon, Newton Harrell of Claude, J. Harold Dunn of Amarillo and J. Henry Sears of Hereford.

The officers, elected at the annual meeting last month, are Floyd V. Studer of Amarillo, president, Frank Shaller of Canadian, first vice president, M. K. Brown of Pampa, second vice president, Dr. James P. Cornette and Boone McClure, executive secretary.

The members of the executive committee were elected during 10 days of voting by mail. The votes were counted Tuesday.

The next meeting of the executive committee will be June 9 when standing committees for the year will be considered.

## Farm Bureau Will Not Meet Thursday

The Randall County Farm Bureau will not have their regular meeting Thursday. The next meeting will be July 4 if the weather is good.

Mr. and Mrs. L. B. Penick of Farwell spent the weekend with Mr. and Mrs. E. C. Penick.

## Alby Ann Kuehler In Talent Club

Alby Ann Kuehler has been named a member of the Talent Club, an organization of 4-H Club members sponsored by Producers Grain Corporation.

Each year, 16 4-H'ers, a boy and girl representative from each of the eight extension districts, is added to the club in recognition of outstanding work.

This year's new members will be taken on a week-long tour in mid-August which will include attendance at the annual meeting of the American Institute of Cooperatives at Colorado State University, Fort Collins. Enroute they will visit successful cooperatives and scenic and historic spots in Texas, New Mexico and Colorado.

The group will be the guests of PGC and the trip will be made by chartered bus.

## Lowell Smith Gets Dental Degree

Lowell Wendell Smith was one of 53 seniors scheduled to receive Doctor of Dental Surgery degrees at the University of Texas Dental Branch in commencement exercises Monday night.

Dr. Melvin A. Casbert of Austin, University vice president for medical affairs, gave the address.

Mr. and Mrs. Joe Dale White and son of Austin are visiting their parents, Mr. and Mrs. J. M. White and Mr. and Mrs. R. L. Grigsby.
